## Join the Young Friends of the International Institute

The Young Friends promote the value of the Institute's mission and services that build communication bridges between all St. Louisans of diverse cultures. They also recruit other Friends and volunteers by telling the story of the important work of the Institute. The International Institute of St. Louis offers comprehensive adjustment services for refugees & immigrants in our community. In turn, these newcomers expand the richness of St. Louis' diversity and help revitalize our economy. Immersion, Investment, and Inclusion, our three pillars of service, offer a solid structure to build positive relationships between newcomers and long time Americans.
