Collection Tip #1
Buy large, rectangular laundry baskets or large plastic storage tubs!
They are a convenient way to carry your collected items. The baskets can help our new families & the tubs help us store your donation!

Collection Tip #2
Buy **generic brands** of products rather than brand name. Buying generic brands allows you to buy more items for less, which will support more families.

The above list represents "the basics" that will help our clients make a new start. We welcome refugee individuals and families of various sizes throughout the year. Items can be "gently-used", except where indicated.
