**Serving Refugees and Immigrants Across the United States  
Resettlement, Employment and Integration**

Refugees and immigrants to the United States bring with them a wealth of knowledge, talent and diversity. To use these assets to best benefit their families and communities, these newcomers often need guidance and assistance as they resettle in the U.S. USCRI provides refugees and immigrants across the United States with the support, services and opportunities they need to rebuild their lives and enrich their communities. USCRI works through a nationwide network of partner agencies, community-based organizations, state and local governments, and private sector enterprises to provide refugees and immigrants with an array of essential services. From the first bewildering days after arrival, to the excitement of starting a new job, to the elation of purchasing a home or opening a business, USCRI works alongside our clients to make sure that they keep taking the next step towards their successful integration and active participation in the United States.
