

## HOME SWEET HOME

This guide includes a curated list of rental companies and property managers across the St. Louis City and County area that are familiar with the Move2STL initiative. These partners offer a variety of housing options at different price points and may be open to working with individuals who are relocating from out of state.

If you're facing challenges such as an eviction history, bankruptcy, or limited rental history, please reach out to us at [move2stl@iistl.org](mailto:move2stl@iistl.org) for additional housing support and guidance.
